LULL IN THE BATTLE

Latest Telegrams From the War in Chili.

BOTH ARMIES MANEUVERING.

It is Believed That the Rebels Will Attempt a Flank Movement—Scouting Parties Scouring the Country for Supplies—The Government Strengthening Their Lines.

NEW YORK, Aug. 26.—The Herald has further Valparaiso cables, under date of Aug. 24.

The battle of Vina del Mar Beach, opposite this city, raged hotly all day yesterday. No decisive result was reached.

Balmaceda's line of defense yesterday was strongly fortified, and was under the range of the guns from Fort Callao. While many of his troops were raw recruits, there was a leaven of veterans among them.

Time after time the rebels dashed against the lines of the government troops, only to be repulsed with great bloodshed. They were not the only sufferers, for their artillery played with telling effect on the enemy, and their rifles were not useless in their hands.

Attack and repulse were repeated time after time, with no decided advantage to either side. The most desperate valor was displayed by veteran and recruit, Balmacedist and revolutionist.

When morning broke it was expected the fight would be repeated. Both armies had suffered severely, however, and neither appeared to be in a position to assume the offensive, and a practical truce today, with no fighting, has been the result.

Neither side has been idle, however, during the day. Scouting parties of the insurgent armies have been scouring the country for supplies, and one of them cut the railroad to Santiago at Salto.

The government forces have been strengthening their lines and maneuvering to get a position which will preclude any successful attempt on the part of the enemy to get into the rear of the city of Valparaiso.

It is generally believed that General Calto, the general commanding the rebels, will attempt a flank movement when he resumes operations, and this the Balmacedists are doing everything in their power to frustrate.

Effect on the Battle in London.

LONDON, Aug. 26.—The papers here welcome the news of the battle which began on Friday last near Valparaiso between the government troops and the Chilean insurgents. They believe that both contending forces have concentrated all their energies in the vicinity of Valparaiso, and the battle which has been so fiercely waged there is an indication of the speedy end of the struggle which is bringing such disastrous results to Chili.

The news of the battle when received here had a favorable influence upon the stock exchanges. The prices of Chilean bonds advanced slightly. It is believed that a big recovery in these bonds will occur when things have settled down although the conditions which prevail in the other South American republics will prevent a speedy return to the prices that ruled before the breaking out of the troubles.

TRUE TO HIS MOTHER,

Although Most of Her Life Has Been Spent in Prison.

COLUMBUS, O., Aug. 26.—Mrs. Sarah Victor, who spent twenty years in the penitentiary on a life sentence for murder, and was pardoned about three years ago, is again before the public, but in a more enviable light.

Twenty-three years ago when in jail at Cleveland awaiting trial on the charge of murdering her brother, the woman's boy, Curtiss Victor, just old enough to lip "mamma," was taken from here and placed in an orphan institution.

She was sent to the penitentiary and lost all track of the boy. He grew to manhood, having been adopted and taken west, but finally drifted back east and settled in Pennsylvania.

He kept up the search for his mother and at last learned the true story. Saturday he came to Columbus and the mother and son were united. The young man is engaged to be married, but his mother, who has led an exemplary life since her release, insists that his intended bride shall be informed of all the circumstances of his and her life.

Requisition Not Recognized.

INDIANAPOLIS, Aug. 26.—J. W. McNeal, bearing a requisition from the governor of Ohio, called upon Governor Hovey yesterday for the necessary certificate for the arrest of Jarvis J. Hilton, of Martinsville, against whom an affidavit has been filed at Columbus, accusing him of kidnapping. Governor Hovey declined to honor the requisition because it was not backed by indictment, and Mr. McNeal returned to Columbus in the afternoon to secure the needed paper. Mr. Hilton, acting as officer of Indiana, brought McNeal's brother to Martinsville, where he was convicted of horse stealing. It is alleged that he failed to comply with the law in getting him within the jurisdiction of the courts of this state.

Fatal Quarrel Over Wages.

ELIZABETH, Colo., Aug. 26.—Fred C. Mason, manager of the Merino stock farm, near this place, was shot and killed last night by L. W. Berry, one of his herders. The shooting was the outcome of a quarrel over wages. After the shooting Berry mounted a horse and rode rapidly away. A posse of citizens soon afterward set out in search of the fugitive, but as yet his capture has not been effected. If Berry is captured he will be lynched on the spot, as Mason was very popular and the shooting was without cause.

VALUE OF REAL ESTATE.

The Census Office Issues Another Valuable Bulletin.

WASHINGTON, Aug. 26.—The census office has issued a bulletin on the valuation of real and personal property as actually assessed by the officials of the various states. For three decades, ending in 1880, the estimated true value of all property and the values of real estate and personal property as assessed, including the assessed valuation as returned in 1890, was as follows:

Years.	Assessed valuation.	Estimated true valuation.
1860.....	\$12,084,500,005	\$16,159,616,088
1870.....	14,178,986,732	30,068,518,507
1880.....	16,902,993,543	43,642,000,000
1890.....	24,249,589,804	

From these returns it will be seen that the assessed value of all property has increased from \$16,902,993,543 in 1880 to \$24,249,589,804 in 1890, an increase during the decade of \$7,346,596,261, an amount equivalent to the true value of all property as returned by the United States census in 1850 (\$7,135,780,228). Should it be found upon the completion of the inquiry in relation to the true value of all property in the United States that the same relation exists in 1890 between assessed valuation and true valuation as existed in 1880, the absolute wealth of the United States according to the eleventh census may be estimated at \$62,610,000,000, or nearly \$1,000 per capita, as against \$514 per capita in 1860, \$780 per capita in 1870, and \$870 per capita in 1880.

The preliminary statement showing the assessed value of real and personal property of the state of Ohio is as follows: Total assessed valuation in 1880, \$1,534,360,508; 1890, \$1,778,138,457—an increase of \$243,777,949. The assessed value per capita in 1880 was \$245.71, and in 1890 \$293.50, or an increase in assessed valuation of \$47.59.

REMARKABLE RELIC.

A Tablet Inscribed by Four of the Great Pioneer Indian Fighters.

JEFFERSONVILLE, Ind., Aug. 26.—A remarkable relic was found by W. A. Jackson, near Broomhill, this county. He and a number of other men were engaged in cutting timber on a thinly wooded hill, when he found at the butt of a tree, setting against it and deeply ingrown, a stone tablet, three inches thick, six inches wide and eight inches long. He noticed that it was inscribed and carefully cut it out. After cleansing the lichen and moss from it, the following inscription was deciphered: "1812, L. Wetzel, Jacob Shelby, John Wetzel, Daniel Boone."

The first and fourth names were in Roman letters, the other two in script, but each had evidently been carved by a different person in the sandstone. The tree which had so long held the tablet showed by its rings an age of at least 120 years. It is believed that this tablet was really inscribed by three of the greatest pioneer Indian fighters and one of the oldest Indiana pioneers, since it was found near the Vincennes road and upon a hill which suited admirably for a camp, commanding as it did and does, a free view in almost every direction, and would be safe from surprise. Professor W. W. Borden, who has inspected it, pronounces it genuine, and believes it was set up as the party was returning to the Ohio from a scout into Indiana. It is now in the hands of Colonel Durrett, the antiquary, of Louisville, for inspection.

SENSATIONAL MURDER TRIAL.

The Prosecuting Witness Takes the Prisoner's Place.

INDIANAPOLIS, Aug. 26.—The examining trial of Charles Hubbard on a charge of murdering Marshal Dillon, of Haughville, some weeks ago, had a sensational termination yesterday. Charles French, who is under arrest for a brutal assault upon his wife, was the prosecuting witness, and testified that Hubbard told him that he had done the shooting. Hubbard then introduced a half dozen witnesses who swore that French himself did the shooting.

The testimony was to the effect that when the marshal attempted to arrest French a scuffle ensued and they fell to the ground. Dillon drew his pistol, but before he could use it French wrenched it from his hand and fired three shots and Dillon fell, mortally wounded. French's own testimony corroborated the fact of his having the pistol before a shot was fired, making the proof against him apparently conclusive. Hubbard was discharged, and French was sent to jail with a charge of murder against him.

BROKEN BOLT.

Several People Injured While Riding on a "Scenic Railway."

ATLANTIC CITY, Aug. 26.—Miss Bessie Wanamaker, daughter of William Wanamaker, the brother of the postmaster general, while riding on a board walk amusement known as a "scenic railway," yesterday afternoon, was thrown to the ground on account of the gripman losing control of the car by the breaking of the "brake" bolt, and her left leg broken just above the knee.

Others injured were: Mrs. E. J. Crippen, wife of a large grocer of Philadelphia, face and head cut and was badly bruised; Edward Leeds, brother of the proprietor of Haddon hall, back seriously injured; Miss Maggie Smith, daughter of Jacob Smith, of Philadelphia, bruised and cut, and three others slightly bruised.

Valuable Papers Stolen.

CHICAGO, Aug. 26.—Attorney H. R. Cattlin, of Terre Haute, Ind., last Saturday called on T. W. Phillips, agent in this city of Keeler & Jennings, carriage manufacturers of Rochester, and after distracting Mr. Phillips' attention took papers which Mr. Phillips values at \$50,000. Cattlin has been arrested and placed under \$2,000 bonds until the 31st instant. The papers have not yet been recovered.

DISTRESS IN RUSSIA.

Harrowing Description of the Suffering of Peasants.

CROP FAILURE THE CAUSE.

Many of the Inhabitants of the Province of Kazan Have Been Unable to Obtain Bread for Weeks, and Are in an Absolute State of Starvation.

LONDON, Aug. 26.—The Pall Mall Gazette says that the Prince of Wales is taking great interest in the matter of the persecution of the Jews in Russia, and in the condition of the immigrants of that nationality who are coming to England. The prince, The Gazette says, has devoted considerable time to a thorough study of the question. Though he has not taken any direct measures to assist the needy Jews, fearing that such action on his part would wound the feelings of the Russians, he has indirectly given much assistance to the Anglo-Jewish committees. The Princess of Wales, who is a sister-in-law of the czar, is co-operating with the prince, and is rendering much valuable aid in his efforts to ameliorate the condition of the poverty-stricken Hebrews.

A Clergyman's Description.

A clergyman residing at present in the province of Kazan, Russia, has written a letter to The Pall Mall Gazette, in which he gives a harrowing description of the sufferings of the unfortunate peasants of that province brought on by the failure of the crops. Large numbers of them, he says, are in an absolute state of starvation. Many have been unable to obtain bread for weeks, and in their efforts to sustain life they have been compelled to eat grass and leaves. In one of the villages of the province consisting of 140 houses, the clergyman visited all the peasants. Here were found sixteen persons in a terribly emaciated condition and slowly and painfully dying from starvation. Of all the residents of the houses only twenty were found eating ordinary food in a quantity sufficient to keep them alive.

Visits made to a number of other villages revealed a similar state of destitution and distress. In all of them numbers of persons were found either dead or dying from starvation. There was no immediate prospect of any betterment in the condition of the peasantry, and it is feared that, driven on by the pangs of hunger, they will attempt to gain food by any means lawful or unlawful. Strong men look upon their wives and children slowly dying for want of bread, and it is not to be expected that under such conditions they will be amenable to any law save that which dictates to them the preservation of the lives of their families. There is much excitement throughout the province among the poorer classes, and an outbreak may occur at any time.

STEALING TIMBER.

The Government Will Take Action to Stop it at Once.

DULUTH, Aug. 26.—It will be remembered that some time ago there was considerable stir over alleged stealing of American timber along the tributaries of the Rainy river south of the international boundary. The government sent two investigating expeditions from Washington along the Big and Little Fork rivers, to Rainy lake and river.

As a result of those expeditions it has now been decided by the interior department to establish a permanent government post on Rainy river and two officers of the department are now there to select a location, and put up the needed buildings. The post will be located near Fort Francis about 150 miles northwest of Duluth, and will be for the purpose of watching timber stealers, from the Canadian side. Fully twenty million feet of timber have been stolen here in the past three years.

Stealing from an Indian Reservation.

ASHLAND, Wis., Aug. 26.—Government officials are after some one at the Fond du Lac agency, in Minnesota. Ten million feet of pine lumber has been cut off the reservation. One of the inspectors is said to have ordered the arrests. Indian Agent Leahy has left for the purpose of making investigations. The timber was cut on reservation lands, not on those patented. The matter has been kept very quiet. The Indian farmers at Fond du Lac reservation have been removed and wholesale arrests will be made. The matter is in charge of the general land office.

PATRIOTIC SONS OF AMERICA.

National Encampment Now in Session in Philadelphia.

PHILADELPHIA, Aug. 26.—The national camp of the Patriotic Sons of America convened in this city yesterday. Mr. George P. Smith, the national president, occupied the chair. Major Stuart delivered an address of welcome. State President Frank B. Spiese, on behalf of the 48,000 members of the order in this commonwealth, heartily welcomed the visitors to Philadelphia and Pennsylvania.

Dr. E. P. Murdock, of Chicago, the lieutenant general commanding the military branch of the order, made an enthusiastic address.

The president then appointed as a committee on credentials Messrs. F. P. Hart, of Illinois; H. A. Swezer, of Ohio, and C. F. Huth, of Pennsylvania. The meeting was then adjourned.

The Sons of America order was organized in this city back in 1847, and it is a distinctively native American institution. "God, Our Country and Our Order," is the motto. "To Foster Forever Fealty to the Flag; to Protect the Public Schools; to Protect Lands of America Owned by Native or Adopted Citizens Only, and as near as possible have America for Americans." is the schedule of principles enunciated? Under this standard Pennsylvania has 606

camp and 48,000 members. There are 85,000 members of the order in the Union all told. White men only belong to the order now, and this session of the national body is expected to extend the hand of fellowship and bid him "be one of us." The session will continue Wednesday and Thursday.

LEAGUE AND ASSOCIATION.

An Important Base Ball Conference in Washington City.

WASHINGTON, Aug. 26.—The first meeting between the warring base ball factions, the League and American Association was held in this city last night. A large number of magnates dropped into Washington to be present at the outcome of the meeting. The meeting was the result of the tireless efforts of John T. Brush, who recognized the ruinous course being pursued by the warring associations, and as the League's accredited agent he has been successful in paving the way toward an amicable settlement.

At the recent Association meeting in St. Louis a committee was appointed to confer with similar committees of the League. These committees were given full power to act for their respective organizations, and it was agreed that whatever decision was reached it should be binding.

Messrs. Kramer, president of the Association; Phelps, attorney for the same, and Von der Ahe, president of the St. Louis club, were delegated to look after the Association's interests, while the League contingent consisted of John T. Brush, president of the Cincinnati club; James A. Hart, president of the Chicago club, and Charles H. Byrne, president of the Brooklyn club. The representatives were empowered to settle all differences in an amicable manner.

J. Earl Wagner, of Philadelphia, Von der Horst and Barnie, of Baltimore, J. B. Hart, of Boston, Schmeltz, of Columbus, and Scanlan, Bennett and Sutherland, of Washington, are on the ground. All the Association clubs excepting Milwaukee, are represented.

The Association men held an informal meeting in the afternoon at Willard's hotel and mapped out their program. The stand they take is that they will not withdraw the Association club from Boston or any other city, nor will they raise the price of admission. They will abide by the contract law and will play exhibition games with the League clubs.

The conference was to have been held at 3 o'clock in the afternoon, but the League men were late in arriving, as their train was behind time. The Association committee was at the hotel awaiting the arrival of the League's committee, when the latter were seen on their way from the depot to the Arlington hotel. A short time afterwards a committee from the League, consisting of Messrs. Byrne and Hart, called on the Association's committee at Willard's and escorted them to the Arlington hotel, where the two factions went into session.

On motion of Mr. Brush, Louis Kramer, president of the American Association, was made chairman, and on motion of Mr. Phelps, Mr. Hart, of Chicago was made secretary. The committee was in session until 12:30 this morning. The time was spent in general discussion of the situation towards ascertaining the wishes of the two organizations as to the desirability of framing a new agreement, and to the varied features of such an agreement toward protecting the interest of all clubs of the two associations. The committee think that what they do will have a very material effect upon the future of the national game, and they have decided to go slowly and take ample time to discuss the many new features which have been presenting themselves.

An agreement was about to be reached to the effect that all players now signed with clubs should remain with them. At this juncture Louis Kramer, president of the American Association, who had been informed by good authority that Michael Kelly, now of the Boston Association team, was about to jump his contract and go to the Boston League club, presented this information to the meeting and said that unless the Association had the assurance of the League that Kelly would be held to his contract the conference would come to an end. The League men would not give the desired assurances and the meeting ended.

Several telegrams have been received here from Boston confirming Kelly's jump to the League.

Kelly Signs a League Contract.

BOSTON, Aug. 26.—Mike Kelly, of the Boston Reds, yesterday signed a contract to play with the Boston League club the remainder of this and all of next season. This contract calls for a salary of \$5,000 per annum and an additional sum in case of the success of the club. Kelly said he was to receive \$25,500 from the League. He will leave at once for Cleveland where he will join the club.

Still Has the Use of His Legs.

ENGLISH, Ind., Aug. 26.—Uncle Samuel Perkhiser, aged 86, living eight miles distant, walked into town yesterday in a little over two hours. He is the father of eight children, and he has sixty-nine grandchildren and forty-three great-grandchildren. He is still physically strong, save that his hearing is defective.

BOSTON, Aug. 26.—The Boston fishing schooner, Joseph Warren, which arrived here from the fishing grounds yesterday, reports that last Saturday forenoon six dories, each manned by two fishermen with trawls, left the vessel and soon after were lost to view. A search for them proved useless, but Captain Annam, of the Warren, believes that the men may have been picked up by outgoing vessels. When the men left the vessel they were off Nantucket.

Dry Goods Burned.

BROOKLYN, Aug. 26.—The dry goods store of Burke & Ryan, on Atlantic avenue, was burned last night. Loss, \$100,000; insured.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, AUGUST 26, 1891.

It is going the rounds of the press of the State that Guthrie, Ky., is to have a new jail to cost \$600. Now what sort of a jail would \$600 pay for?

THERE are only six candidates for Door-keeper of the House of the next Legislature, but, as the old saying goes, all the counties haven't been heard from.

HON. JOHN E. COOPER, of Mt. Sterling, was in the city last week. He will return here in the future to take his seat as a Judge of the Court of Appeals.—Frankfort Capital.

Perhaps he will and may be he will not.

It is a singular circumstance but true nevertheless that nearly all the principal parties instrumental in establishing the lottery evil in Kentucky met a violent death.

THREE expert accountants want \$18,000 for examining the books of the Louisville Water Company. Give them a few more jobs like that and they could retire and live on the interest of their money.

CLARK COUNTY Democrats don't want any more tin-box, house-to-house primary elections. It was in progress five days. The object was to prevent bribery and corruption, but the hoodlums and bums had five days to make the candidates whack up instead of one as under the old plan.

SEVERAL months ago the son of Pension Commissioner Raum was detected violating the civil service law by selling examination questions, appointments, etc., yet he has never been punished. If we mistake not he still retains the position he held when detected violating the law. We repeat that "public office seems to be a private snap" under the present administration.

"The Last Days of Pompeii."

Ninth annual celebration of the Order of Cincinnatus. Pain's historical spectacle, "The Last Days of Pompeii." Pain's most elaborate and brilliant pyrotechnical exhibition will be the great summer night carnival event in Cincinnati this season. Every one is more or less familiar with the great incidents which caused the destruction of the city of Pompeii. The marvelous eruption of Vesuvius is a theme more or less commented upon in every part of the world. But few can realize the magnitude of the undertaking in question. The immense campus that has heretofore had such glowing pictures in life and color will be completely transformed. The grand stand has been remodeled and every attention has been given for the comfort of patrons. Pretty and tasty little boxes have been arranged to seat parties of three and five, each box being completely enclosed. Two-thirds of the roof of the immense amphitheatre has been removed in order that the spectators may have clear and perfect views of the aerial pyrotechnics. A fair idea of the vastness of this enterprise may be obtained when one considers carefully the fact that it requires nearly five acres of ground to re-enact this terrific catastrophe; the miniature city of Pompeii requiring twelve thousand square yards of scenic effects alone; absolute buildings from twenty to forty feet high, while Vesuvius towers above something like seventy-five feet. An artificial lake is required, the magnitude of which may be imagined when one realizes that it requires over four million gallons of water. The mammoth stage is four hundred feet long and two hundred feet deep, whereon five hundred people, gorgeously costumed, take part in this wonderful entertainment. It is a life-like drama, pantomime, ballet, circus, carnival, art exhibition and fire works all in one.

The first performance was given Monday night. It will continue every week day night until Sept. 5th. General admission 50 cents; reserved chairs 75 cents; box chairs \$1.25; children under twelve 25 cents; private boxes seating three, \$3; private boxes seating five, \$5. Persons living abroad may reserve seats or boxes by communicating with the Pompeian General Offices, Chamber of Commerce Building, Cincinnati.

A Delightful Event.

Verbal invitations were given to the friends of Miss Susie Huston Hall Monday morning to an impromptu entertainment Monday night at the beautiful home of her parents, Mr. and Mrs. James H. Hall of Third street, in honor of her guest, Miss Lucille Pearce, of Lexington. Music skillfully rendered by Miss Lida Berry, brilliantly lighted rooms, with an atmosphere fragrant with the perfume of tube roses and lilies, together with the happy faces of fair young maidens and gallant beaux, made the occasion enjoyable indeed. The hours were spent in the—

"Gay dance of bounding beauty's train That links grace and harmony in happiest chain."

An exquisite programme was given each guest, showing a list of lancers, waltzes, schottishes, &c. Refreshments were served at twelve o'clock in the usual hospitable style characteristic of host and hostess, after which dancing was resumed till the "wee sma" hours, when after hearty expressions of a happy evening came the word farewell—"a word that hath been and must be; a sound that makes us linger—yet, farewell." Those present were Misses Anna D. Sharp, Lucille Pearce and Mamie Pearce, of Lexington; Mabel Van Dyke, of Covington; Anna Johnson, of Mt. Sterling; Daisy Nesbitt, of Owingsville; Louie Andrews, of Flemingsburg; Misses Susie Huston Hall, Ella Cummings, Ethel and Hattie Johnson, Marion Wornald, Bessie Owens, Mary Huston January, Lettie Wood, Sallie Wood, Fannie Frazee, Belle Barkley and Messrs. Will Wood, Harry Owens, Dr. Owens, Dr. Hopper, Horace Cochran, Clark Rogers, Hall Strode, Tom Darnall, Will Cochran, Will McDonald, Ben Cox, George Albert, Frank Barkley, Oscar McDougle, Stanley Watson, Jamie Cochran, Early Worrick, Will Cole and Jamie Wood.

The Paris Convent Closed.

The school which has been conducted at Paris under the auspices of the Catholic Church, known as the Academy of Visitation, has closed, and will open no more as a school. Mother Superior Gonzaga and the fifty nuns, who have had charge of the school, will leave Sunday for Tacoma, Washington, where a school will be established. The school has been in operation there for the past fifteen years.

Mother Gonzaga was formerly in charge of the Academy of the Visitation of Maysville. Among the nuns referred to is Miss Emma Hunt, daughter of Mr. D. Hunt of this city.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

A Pleasant Occasion.

Saturday afternoon, August 22nd, was an exceedingly joyous occasion for the young folks who met at the beautiful place of Mr. John B. Holton, upon the invitation of himself and wife, to celebrate the sixth birthday of their daughter Ellen. The children were delightfully entertained, nothing being left undone to make the visit one long to be treasured in their young minds. Although the evening was a stormy one it did not detract from the enjoyment, as they played games, swung and ate grapes to their heart's content. The sight was a beautiful one when they were arranged around the bountiful laden table, with their bright eyes rendered all the brighter at the sight of beautiful cakes, delicious grapes and peaches and lees of various kinds.

The plan had been to have the picnic in the grand woodland adjoining the residence of Mr. Holton, but the rain forbade this. The children were treated to the sight of a drove of peafowls which none of them had ever seen before. This was a great delight to them, to see these beautiful birds as they marched majestically over the well-kept grassy lawn. Everywhere about this delightful and hospitable home, thrift and enterprise of highest order were plainly discernable. The older ones who were so fortunate as to be present at the children's party were as much pleased as were the children, and enjoyed the delicacies with equal zest.

Mr. Holton showed us his cabinet of Indian curiosities, found on his lands and those adjoining, which were certainly worth a trip there to inspect. That country abounds in all manner of stone implements, such as hatchets, wedges, pipes, curiously formed pieces for pounding corn, sharpening arrowheads, etc., used by the red man before this was the "dark and bloody ground," and while as yet the Indian was the owner of all that he surveyed.

The young people, not the old ones either, will very soon forget the pleasant afternoon passed at this beautiful and attractive country home.

She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.

THE Paintsville Paragraph sarcastically remarks: "Our advertising space is being slowly disposed of to patent medicine men at good rates, and we hope soon to be able to make a living out of the paper, and can then make a better paper out of it. The petitioner being a minor, the suit is brought through his father, Charles Stinnett. The petitioner alleges that "the defendant did, on August 2nd, unlawfully, wrongfully and maliciously, and by force of arms commit an assault and battery upon him, shooting him in the face and body with a shotgun loaded with bullets, and for the same he asks damages in the sum of \$10,000." The suit promises to be a sensational one.

SECRETLY WEDDED.

Mr. Roger Winn and Miss Mamie Hendrickson Quietly Married at Aberdeen Last Week.

Another secret wedding came to light yesterday morning, and caused quite a ripple of excitement in the circle in which the couple move.

Mr. Roger Winn, of Ashland, came down last week ostensibly to attend the fair and visit his friends. He had been quite devoted for a year or so to Miss Mamie Hendrickson, of Forest avenue. On Thursday, the couple crossed over to Aberdeen and wended their way to the office of 'Squire Massie Beasley, the veteran matrimonialist, where the words were soon spoken that made the twain one. They were accompanied by Miss Maggie Hill, daughter of Mr. L. Hill. The bride and groom returned to their respective homes, and the affair was kept a secret until yesterday.

The groom is the youngest son of Mr. and Mrs. Wm. Winn, formerly of this city. The bride is a daughter of ex-Councilman James Hendrixson, and is a petite and vivacious young lady, quite popular in her circle.

SAILORS MASSACRED

Sixty Reported Killed in the Arctic Regions.

MURDERED BY THE NATIVES.

The Entire Crews of Two Steam Whalers Overpowered By Superior Numbers, and Not One Left Living to Tell the Story.

WASHINGTON, Aug. 26.—A catastrophe is reported by the treasury department from the Arctic regions. It is said that the crews of two small steam whalers, wintering near the mouth of the Mackenzie, about 500 miles east of Point Barrow, have been massacred by the natives of that region. All told the crews of the two vessels numbered sixty persons, well equipped and provisioned for a long siege, with rifles and ammunition, not so much for purposes of defense as for supplying themselves with game. Heretofore the natives have been very friendly to the whites.

Many of them are well armed, having been supplied with rifles by trading vessels, which have exchanged whisky and guns for furs. While it is a new thing for whalers to winter in the Arctic as far east as these two steamers have, white men have spent winters on the shore with the natives and have lived with a good degree of comfort. There are several thousand natives within the boundaries described. Reindeer, wild and domesticated, abound, fur-bearing animals are found in a day's journey into the interior, and game birds are found in great flocks in the open waters. Whaling crews, encamped on the land, would not be under any such strict discipline as might be enforced on shipboard, and if their intercourse with the natives was offensive they have probably been overpowered by superior numbers.

SONS OF VETERANS.

The Minneapolis Session Unable to Agree on a New Ritual.

MINNEAPOLIS, Aug. 26.—The Sons of Veterans grand commandery put in the day at business. The changes in the ritual and constitution of the order was submitted by the ritual committee and provoked a lively discussion. It provides for two degrees—a civic and military—and for a number of changes in the ritual. The report was adopted, but this action was subsequently reconsidered and the report is still before the commandery. There is little doubt of its ultimate adoption, however, in substantially its present shape.

In the afternoon Camp Webb at Minnehaha was visited by the commandery and by the local G. A. R. men. Addresses were delivered by Past Grand Commander John P. Rea, of this city, and Department Commander Charles D. Parker, of St. Paul.

The Ladies' Aid society, which is to the order what the Relief Corps is to the G. A. R., is also in session here. The society has 216 camps and 5,000 members. It is recognized and encouraged by the Sons of Veterans.

TRAIN ROBBER LOCKED UP.

Buffalo Detectives Make an Important Arrest.

BUFFALO, Aug. 26.—The police have a desperate young man locked up here. His name is William McDermott. He boarded a train that was entering Corry, Pa., on Aug. 17, and robbed the passengers. Before escaping from the train he discharged a revolver several times, and two or three passengers were dangerously injured and are now dying in the hospital. A description of McDermott was telegraphed to Buffalo, and yesterday afternoon he was arrested by headquarters' detectives on Canal street.

Few facts concerning the sensational affair are known in Buffalo. A letter was received from the sheriff of Corry, Pa., by Superintendent of Police Morgenstein a few days ago, saying the police of Pennsylvania were looking for McDermott, who, though only twenty years old, is known as one of the toughest criminals that ever lived in the vicinity. His last desperate game was the train robbery, for which he is now under arrest.

Kentucky Farmer Murdered.

LOUISVILLE, Aug. 26.—Frank Hughes, a wealthy Kentucky farmer at Woodlake, Ky., was murdered in a brutal manner by one of his farm hands, named John Dudley, last night. The latter suspected Hughes of being too intimate with his wife. Thinking the latter was in Hughes' room he broke open the door and, without waiting to verify his suspicions, emptied a shotgun into his victim's body, killing him instantly. Finding that he had made a fatal mistake, he surrendered to the authorities and coolly pleaded self-defense. The murdered man is connected with many of the best families in Kentucky. The murderer will probably be lynched.

Jailed for Perjury.

CANTON, O., Aug. 26.—Jacob Better, one of the principal witnesses for the defense in the recent sensational Maxwell abortion case, was arrested at Newburg last night and jailed for perjury. The officials say they have a clear case against him. Maxwell is out on bond pending application for a new trial.

Revenue Collections.

WASHINGTON, Aug. 26.—Internal revenue collections for July amounted to \$14,138,041, an increase over July, 1890, of \$1,529,641. The principal items were: Spirits, \$8,150,744, an increase of \$1,617,292; tobacco, \$2,656,412, a decrease of \$301,679; fermented liquors, \$3,207,978, an increase of \$130,937.

It Will Be Senator Proctor.

MONTPELIER, Vt., Aug. 26.—Secretary Proctor has received a letter from Governor Page stating that he will be appointed to fill the vacancy in the United States senate caused by the resignation of Hon. G. F. Edmunds.

Too Cold for the Hoppers.

PORTLAND, Ind., Aug. 26.—Monday's cold rain has killed off the grasshoppers, and no more trouble is apprehended from them this season. They have caused considerable damage in this and adjoining counties.

FOREIGN AFFAIRS.

More War Talk and Preparations Being Made For the Gigantic Struggle.

LONDON, Aug. 26.—The report that France and Russia had virtually agreed that, in the event of a victory over Germany, they would have Schleswig re-annexed to Denmark, has caused considerable comment in Berlin, where the war feeling has been mounting high for some days past. This rumor, however, has called to public attention other rumors of a similar nature regarding the triple alliance.

It was stated recently on high authority at Vienna that one of the unwritten agreements of the triple alliance was, in the event of success in a continental war, to dismember Russia forever by divesting the empire of Poland, Finland and the Baltic provinces, and compelling the czar to abandon St. Petersburg for Moscow. France, at the same time, to be compelled to give up Nice and Corsica to Italy. These arrangements are understood to be merely provisional, but the fact that they are talked of shows the deliberate way in which European nations are preparing for the gigantic struggle.

The Russian rifle factories are running night and day on the new breech-loading repeating rifle, with which it is proposed to arm all the infantry, both of the active arm and the reserve. But, although the greatest diligence is shown in the manufacture, it is believed that at least two years will elapse before the whole military force of the empire will be provided with the weapon. This would not prevent Russia from going to war in the meantime, as not less than 400,000 men will have the rifle within this year.

A CEMETERY PARK.

Custer's Last Resting Place to Be Made a Beautiful Spot.

MINNEAPOLIS, Aug. 26.—It is announced at army headquarters in St. Paul that the project is being considered by the government of converting the burial ground now the National cemetery into a large park, laid out with trees and walks, as one of the beauty spots of the west. The removal of the bodies from all abandoned posts has been completed. They have been buried in a plot of ground close to the Custer monument, where also lie those who fell in the massacre with their commander. There has been a good deal of agitation in army circles of the idea that Custer's last resting place and those of the men who died with him should be marked with something more than a mere granite obelisk in the desert surrounded by rusting iron rails. The plan proposed, that of making a park of the land surrounding the present cemetery, would, it is estimated, cost but a trifle as compared with less important works being carried on at government expense. All army officers favor the idea, and say it should be done for the honor of the country.

A Student's Unaccountable Suicide.

LIMA, O., Aug. 26.—There seems to be no limit to the tragedy mania at Ada. At 10 o'clock yesterday morning, A. G. Weaver, aged 30, of Johnsville, Montgomery county, suicided on the Ada fairgrounds by shooting himself squarely in the forehead. His body was found soon after, but life was extinct. The suicide has been a student the past two years at Ada Normal university, and was about to graduate in classics and law. He was considered unusually bright, but has been very despondent all the present term. He confided his intentions to no one, and left no word behind. His relations have been notified.

Taken to Jail on a Cot.

HANOVER, N. H., Aug. 26.—George S. Abbott, alias Frank M. Smith, murderer of Christie Warden, was taken from the Wheelock House on his cot at 6 o'clock yesterday morning, placed in a wagon and driven to West Lebanon where he was put on board the train for Manchester, at which place he will be jailed.

Strikers Fail.

LEBANON, Pa., Aug. 26.—The strike of the iron mill hands which was caused by the refusal of the owners to sign the Amalgamated scale, is practically ended, and the mills are starting up with most of the old hands. The strike began on July 1, and has resulted in the failure of the men to gain their point.

Indian Reservation to Be Opened.

WASHINGTON, Aug. 26.—The proclamation for the opening of the Sac and Fox, Kickapoo and Iowa reservations in Oklahoma territory, is being prepared at the interior department and will be presented to the president for his approval and issue as soon as he returns to Washington.

Nine Horses Burned.

COLUMBUS, Ind., Aug. 26.—The large barn of John Simons was fired by incendiaries Monday night and the entire contents, including nine fine horses, were consumed. Loss, \$6,000; no insurance.

CANTON, O., Aug. 26.—Jacob Dryer and Joel White were thrown out of a buggy at Louisville by the horse frightening at a thrasher. White had his jaw and leg broken, and Dryer sustained internal injuries that may prove fatal.

At Minerva, George Fox, his wife and child were thrown over an embankment by a runaway. The horse was killed and the child badly injured. Fox and his wife escaped with slight bruises.

Ex-Senator Harlan Ill.

BURLINGTON, Ia., Aug. 26.—Intelligence has just been received here that ex-Senator Harlan, father of Mrs. Robert T. Lincoln, wife of the United States minister to England, was taken suddenly and seriously ill yesterday.
